There could not be a better time for you to talk to us...

Hess Corporation has entered into an agreement with Direct Energy to sell its energy marketing business for \$1.025 billion. The energy marketing business was responsible for supplying natural gas and electricity. This sale is expected to close in the 4<sup>th</sup> quarter of 2013.

Informa Energy, Inc. has been successful in placing thousands of customers with the most reputable electric and natural gas suppliers throughout the NY metropolitan area and in all states where deregulation is available. We look forward to the opportunity to expand our customer base. Please contact us so we can explore the process of working with you to reduce your energy expenditures.

An Informa client is an informed client.
